

Visiting a College Campus: So Much More than Just a Tour!

College visits can be extremely exciting! After all, you'll be shown the beautifully landscaped quad, the spacious "model" dorm room, and the extensive meal selections in the dining hall. But how can you really test drive a college to make sure that it is a great fit for you? What kinds of questions should you ask and what else should you do in addition to taking the official tour?

The Boxford Library in Boxford, MA will be sponsoring a free workshop for 9th-12th grade students and their parents on Wednesday, December 12th from 6:30 – 8:00 pm presented by Boxford resident Marie Lucca, President of Crimson College Consulting (CrimsonEd.com).

Come learn some tips on how to make the most of your campus visits.
