

Countdown to College: Is Your Family Ready for the New College Admissions Timeline?

Although in the past, high school students could start thinking about college towards the middle of junior year, the last few years have ushered in several game-changing admission developments that make it essential for families to begin focusing on the college search far earlier in order to be competitive for admission, athletic recruiting, merit scholarships, and financial aid.

The Boxford Library will be sponsoring a free workshop for parents of public, private, and parochial school students in grades 8-11 on Wednesday, March 11, 2020 from 6:30 – 8:00 pm. Boxford resident and President of Crimson College Consulting (CrimsonEd.com) Marie Lucca will explain the new application requirements, the earlier deadlines, and the changing standardized testing schedules, while offering insight on how you can prepare for a strategic, lower-stress, and successful college search.
